#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Investors Properties, Inc.

We have audited the statement of financial condition of Investors Properties, Inc., at June 30, 2008. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Investors Properties, Inc. as of June 30, 2008 in conformity with accounting principles generally accepted in the United States of America.

William Bathof & Conform, P.C.

#### INVESTORS PROPERTIES, INC.

#### ANNAPOLIS, MD

#### NOTES TO FINANCIAL STATEMENTS

#### **AT JUNE 30, 2008**

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization

Investors Properties, Inc. (Company) is a securities broker/dealer and is registered with the FINRA.

#### **Accounting Basis**

The financial statements are prepared on the accrual basis of accounting.

#### Securities Transactions

Securities transactions and any related gains or losses on sales are recorded on a trade date basis.

#### Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

#### Accounts receivable

Management has elected to record bad debts using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to reflect bad debts. However, the effect of the use of the direct write- off method is not materially different from the results that would have been obtained had the allowance method been followed.

#### Income Taxes

The Company accounts for income taxes using the liability method, under which deferred tax assets and liabilities are determined based on the differences between financial statement and tax basis carrying amounts. As of June 30, 2008, no provision for deferred tax benefit has been made due to the uncertainty of realizing it in the future.

#### **NOTE 2 - USE OF ESTIMATES**

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenue and expenses during the reported period. Actual results could differ from these estimates.

#### NOTE 3 - INVESTMENT

At June 30, 2008, the Company's investment is compromised entirely of NASDAQ stock and is carried at market value.

#### **INVESTORS PROPERTIES, INC.**

#### ANNAPOLIS, MD

#### NOTES TO FINANCIAL STATEMENTS (Continued)

# AT JUNE 30, 2008

#### **NOTE 4 - NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness, as defined to net capital, as defined, shall not exceed 15 to 1. The Company had net capital and net capital requirements computed under these provisions as follows:

Net capital \$ 98,317

Net capital requirement \$ <u>5,000</u>

#### NOTE 5 - OTHER REGULATORY REQUIREMENTS

The Company does not hold any funds or securities for the account of customers and limits its business to mutual funds and variable annuities. It is therefore exempt from the customer reserve requirements of the Securities and Exchange Commission Rule 15c3-3 under Section (k)(1).

# SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON INTERNAL ACCOUNTING CONTROL SEC

Mail Processing Section

To the Board of Directors Investors Properties, Inc. Annapolis, MD AUG 2 7 2008

Washington, DC 105

#### Gentlemen:

In planning and performing our audit of the financial statements of Investors Properties, Inc. for the year ended June 30, 2008, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission(SEC) we made a study of the practices and procedures followed by The Company including test of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by rule 17-a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with

reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are recorded in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2008 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

William Bathof & Company, P.C.
